Maybe those skillful doctors at the royal castle mght know someth ng to do

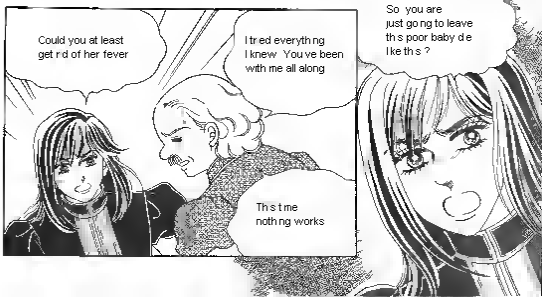
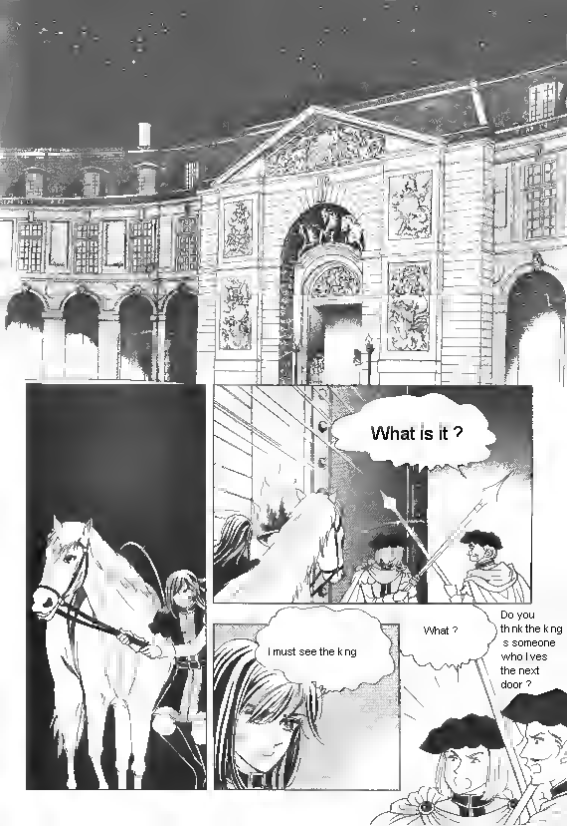
We are really gong to let her de ?
If she des that dork Skade won't leave me alone for ths !!



Could you at least get rd of her fever
I tred everyth ng I knew You've been with me all along
Ths t me nothi ng works
So you are just gong to leave ths poor baby de lke ths ?

Even if you go, I doubt he will even meet you
He exiled his own children. He simply won't care



What is it ?
I must see the k ng
What ?
Do you th nk the k ng s someone who l ves the next door ?

I take care of pr ncess L la at the castle Mon ca
Pr ncess L la s under a very condit on

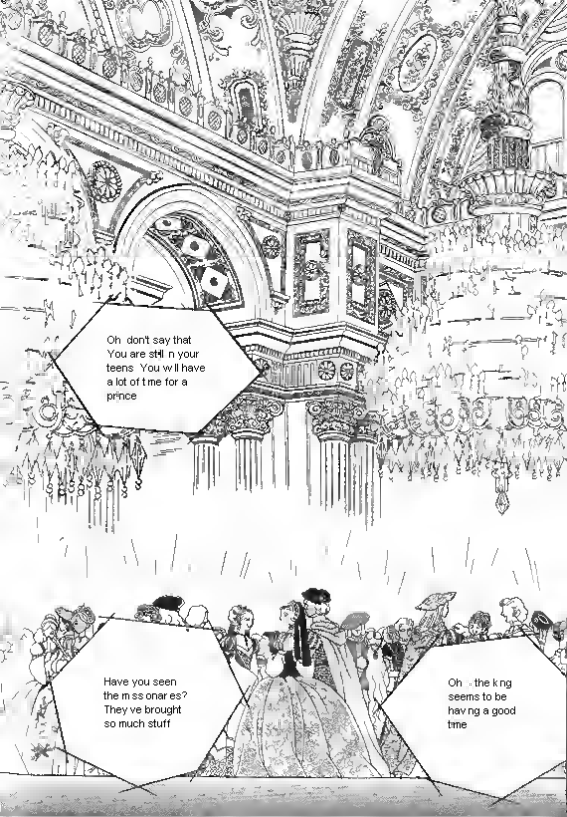
Hey who s that ?
wasn't that the m stress s
Yes, she s the m stress s daughter
Hey what to do ?
I am new here
Beats me The k ng is probably n the party for princess Ter ka s 100th day party
I am new too !
If I can't could I at least meet lady Ha ga ?

But she s probably n the party too
He s certa nly looking for only the top people
We could get executed f we d sturb such a party
Could I meet general Ryou then?
Hith -
Why are you here? and at this hour ?
Did something happen?

www.janimes.com

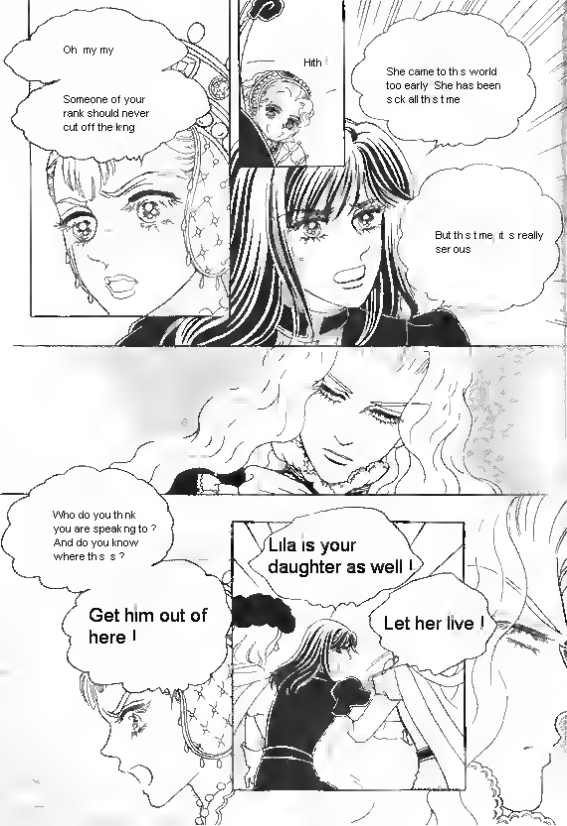
The queen is so impulsive
Even with this many people all she seems to do is look over the others
I guess blood does really matter
She's really born to be a queen



Oh don't say that You are still in your teens You will have a lot of time for a prince
Have you seen the missionaries? They've brought so much stuff
Oh the king seems to be having a good time

Sre

What is it ?
There s a messenger from
The castle Mon ca
He says pr ncess L la s under extremely h gh fever
Who the hell s L la ?
Sre
She s n need of a royal doctor
Accord ng to the castle Mon ca s doctor sk"lful doctocs such as royal doctors may know someth ng to help her



Oh my my
Someone of your rank should never cut off the leng
Hith
She came to th s world too early She has been s ck all th s t me
But th s t me, it s really ser ous
Who do you th nk you are speak ng to ? And do you know where th s s ?
Get him out of here !
Lila is your daughter as well !
Let her live !

Let go of him !
Sire !
Let her live !
Let Lila live !

Looks like -
You two don't weight your life

I -
Don't like it when someone speaks carelessly in front of me when I don't give them permission to speak
Sire
She is your daughter !
Besides
This is none of your business
Ramira's fool !
Someone's life is depended on this !

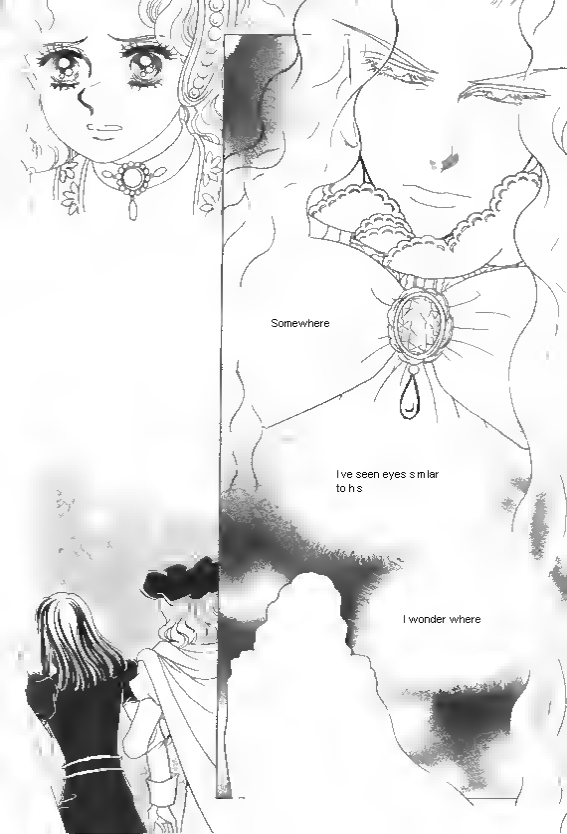
So, you are saying your case is an exception ?
Send a doctor f rst! And then you can pun sh us
L la s dy ng even at th s very moment!!

Isn't that lord Sibel who's pleading?
What's going on ?
I can't hear them due to the music.
Ssh, act like nothing's going on if you value your life.
I hate those eyes ...
Those eyes that always oppose me
Snce it looks lke
You are prepared to do anythng for the bitch s lfe
I wll
g ve you a chance !

Ramira's kid !
Since you seem to like you are prepared to devote your life for an Anatoria's child,
I will give you a chance to fight for Anatoria
You will be sent as a mercenary !
www.janimes.com

And you
Let h m go ?
You dare to order my men wh le I am present ?
You seem to be trust ng that k d pretty hard
Then I hope he w ll answer your trust
If that kid runs away, you will be punished.

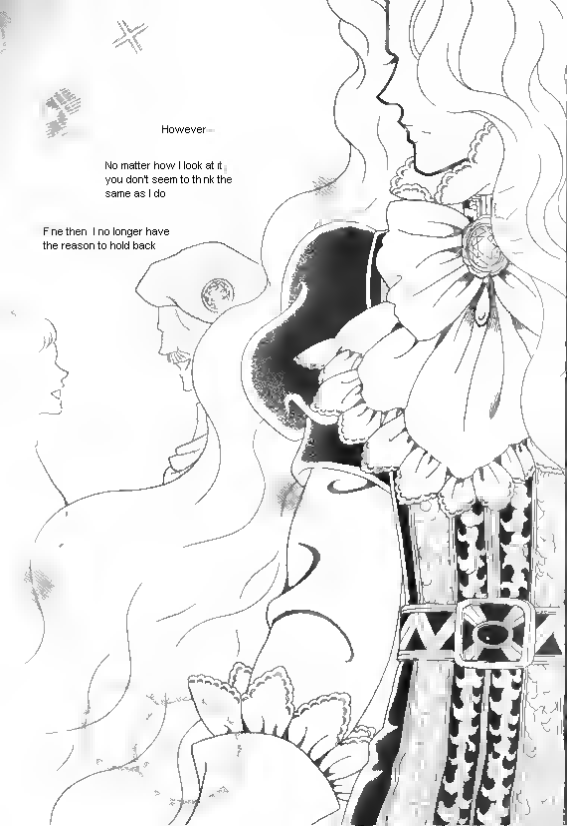
Send
a doctor first
Send a doctor to the castle Monica.
Take him away



Somewhere
I've seen eyes similar to his
I wonder where

Thank you
For coming all this way for Lila.
...And I am sorry...
...Just once ...
Come back alive just once...

You murdered my mother
You had treated my aunt like a bag of shit
But I still thought I should forgive you because I was told to love you
I thought I should forgive you because I thought we were a father and a son



However...
No matter how I look at it,
you don't seem to th nk the
same as I do
F ne then I no longer have
the reason to hold back

Hith !

Hith
You are coming back right ?
You must survive
Right ?

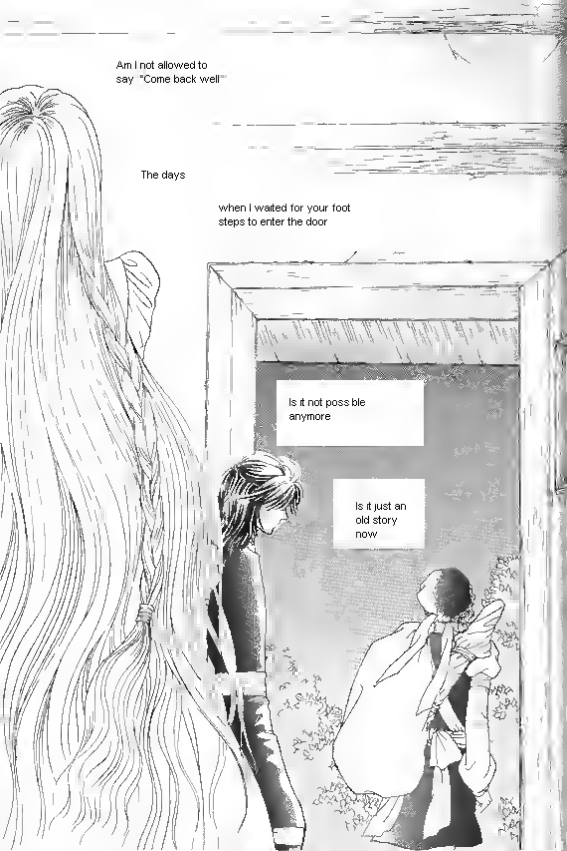
Be well



Am I not allowed to say "Come back well"
The days
when I waited for your foot steps to enter the door
Is it not possible anymore
Is it just an old story now

I will want to return

Without any thoughts
I'd want to return

This is my hometown for my mind

But
I hope that I won't be able to return

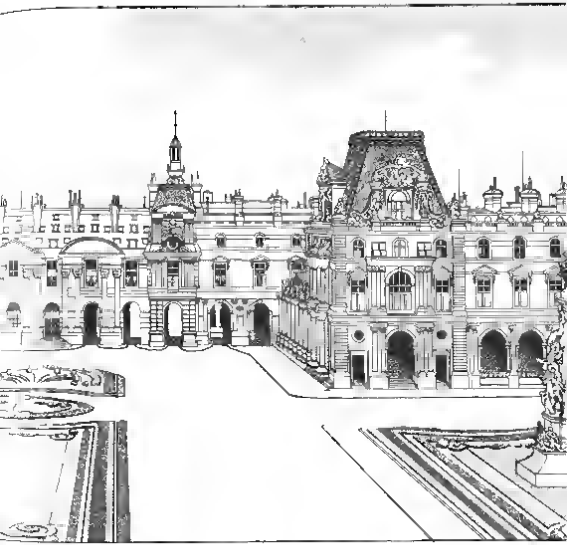
Janines
www.janines.com

Couldn't you just forget everything and live here ?
Do you really have to leave like this ?
How do you know I'd leave at this time ?
I told you to stop
I don't know how much you know But just leave us alone

Apparently
Ramra cannot avoid another war
Who says that?
I heard from people in market yesterday
Are you going back
father this time ?
You
Who are you.. Chelsea?
My name is
Chellas Inka.

Well, someone like you who's from one of major noble family may not know a small family like us who lived in southern Ramra
In Ramra, there are countless posters that are looking for you But it was hard to connect you with the picture of the posters and the current you
You know who exactly I am ?
In the posters, you were always wearing beautiful dresses
If I'd didn't hear rumors about you, maybe I would have never guesses it was you

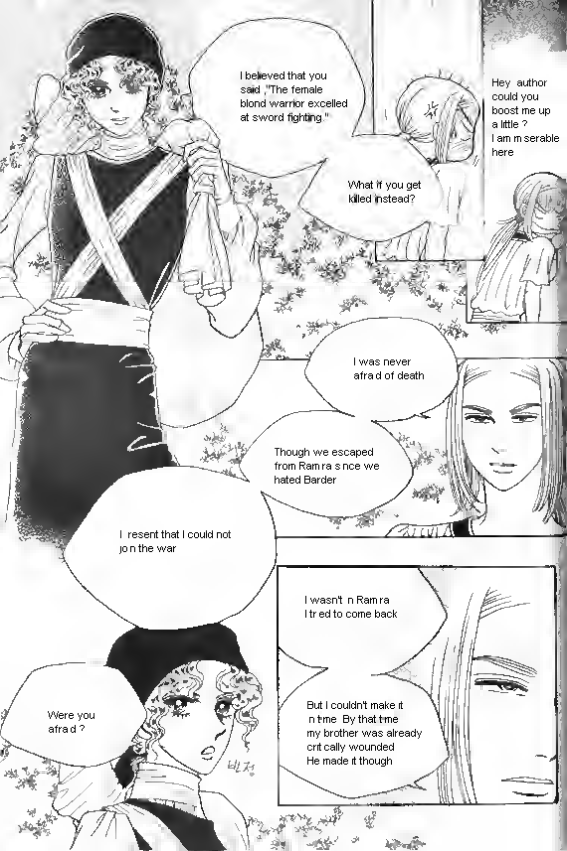
She was against her father. So, she drew her sword against her father.
That is why Barder cannot find her at all.
The female blond warr or excelled at sword f ghting
And even h s army could not stop her
If I met you before I heard those rumors
I would have killed you for certa n
Eshe



# 프린세스 Princess

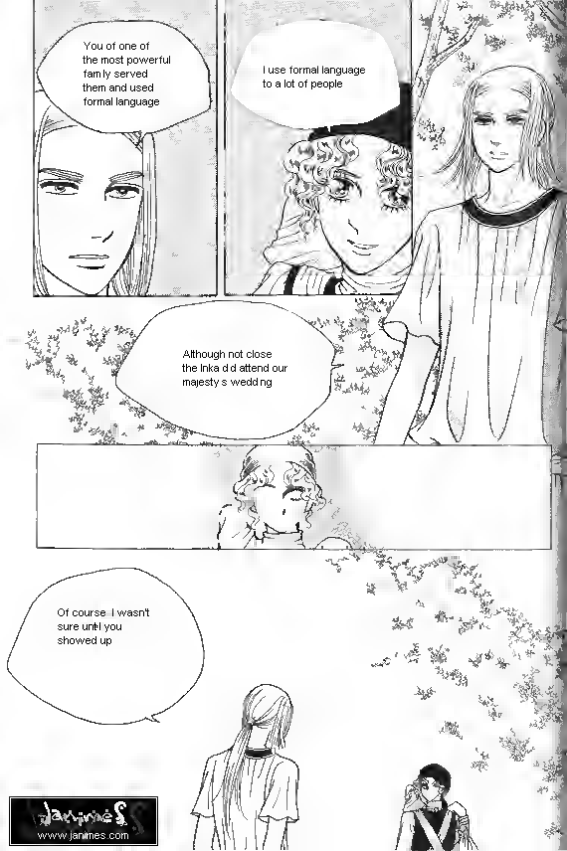
The Inka
I do know
Although they were a landlord of a small p ece of southern area n Ram ra ther loyalty was just as strong as the Va da
They l ked arts over swords So, they mported all k nd of arts from the world
And they are known to send the r ch ldren oversea for study ng
But you ?
What s wrong with me ? I am knowledgeable !
you don't look smart to me
I heard you l ked polit cs

No_no
Don't go off top c you fool
You were aga nst your father
Why do you ns st on go ng back?
Whehter I have a reason or not I don't have to tell you
Are you go ng back to your father?
If I say so
are you go ng to k'll me r ght here?
Perhaps.

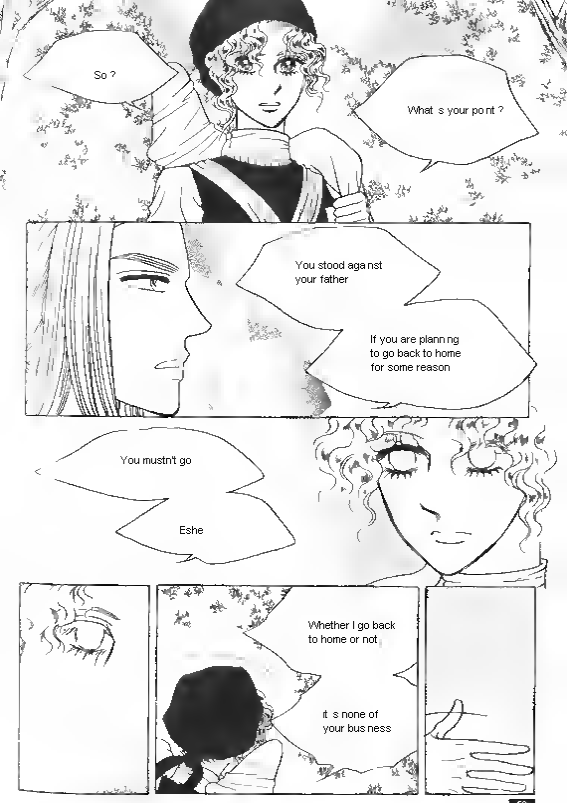


I believed that you said ,"The female blond warrior excelled at sword fighting."
Hey author could you boost me up a little ? I am m serable here
What if you get killed instead?
I was never afra d of death
Though we escaped from Ram ra s nce we hated Barder
I resent that I could not jo n the war
I wasn't n Ram ra I tr ed to come back
But I couldn't make it n t me By that t me my brother was already cr t cally wounded He made it though
Were you afra d ?

If Ramra cannot avoid another war you can join the next war
I thought that you needed some people here
For what ?
I am no fool
Because of your presnece here, I realized who Pry and her mother are



You of one of the most powerful family served them and used formal language
I use formal language to a lot of people
Although not close the Inka did attend our majesty's wedding
Of course. I wasn't sure until you showed up
www.janimes.com



So ?
What s your po nt ?
You stood aga nst your father
If you are plann ng to go back to home for some reason
You mustn't go
Eshe
Whether I go back to home or not
it s none of your bus ness

What now ?
One loyal person s enough !
I cannot wait any longer to pun'sh those who are aga nst *the majesty
B yon

No
If it is for you...
I don't want anything else
Just
I hope that
you can forget the past like I did
The past I wanted to throw away
The people I wanted to forget

If I could forget what I left beh nd

That s why I s mply

Today s

But s she al ve ?

I thought of you
We both lost our

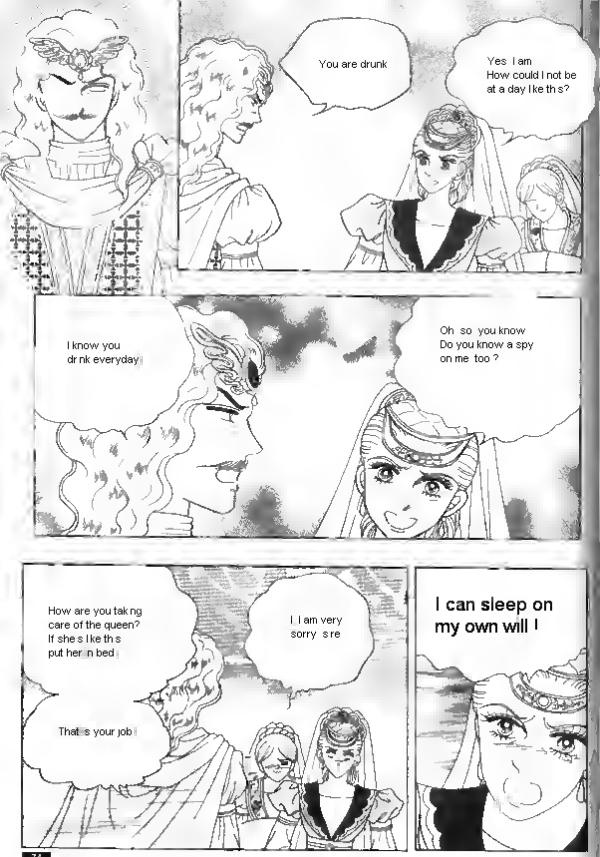
Yes I know
I don't even deserve to feel like this
It's also my fault
So ... I truly hate my husband now
He lost my daughter
He has done everything wrong ...
He also made lost your daughter.
He is making everyone suffer ...
I truly ... sincerely hate him from bottom of my heart ...

I am in hell
But I guess he s happy now
A new w fe... a new child...
Yes, I guess he s happy
On the other hand
I want to kill myself

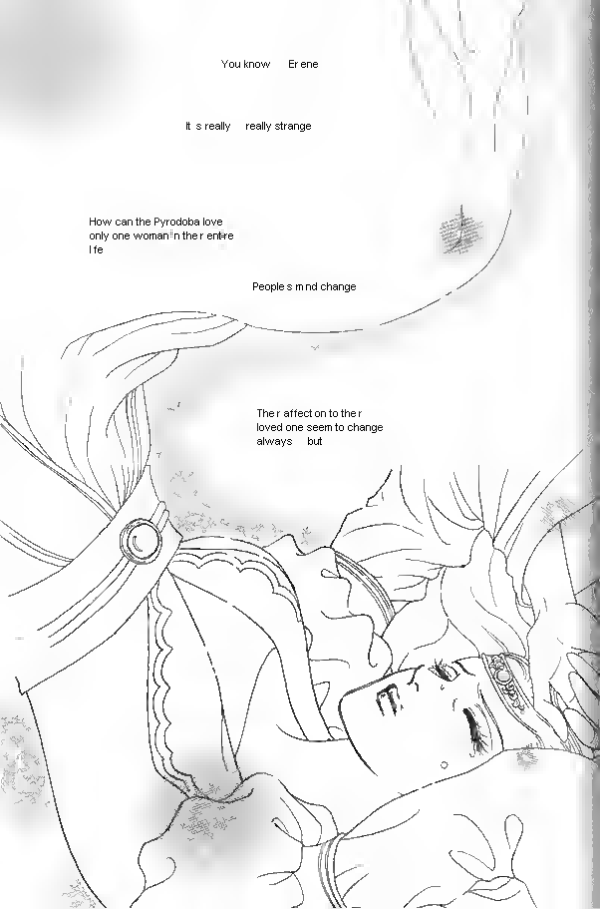
M'lady, please ...
You should go to your quarter.
Be quiet!
I am looking for my husband
M'lady~
Where's he?
He went to the mistress' room

Good t me for h m huh ?
Ma am
Every s ngle day he goes there
I bel eve the pr nce has a little problem
H s hai got broken ?
Or d d one of h s har drop ?
Now what?
Is that what a queen should say ?
Don't you have decency ?
Decency ?
Look who s tak ng! You are sleep ng wth a woman who s the same age of your own daughter

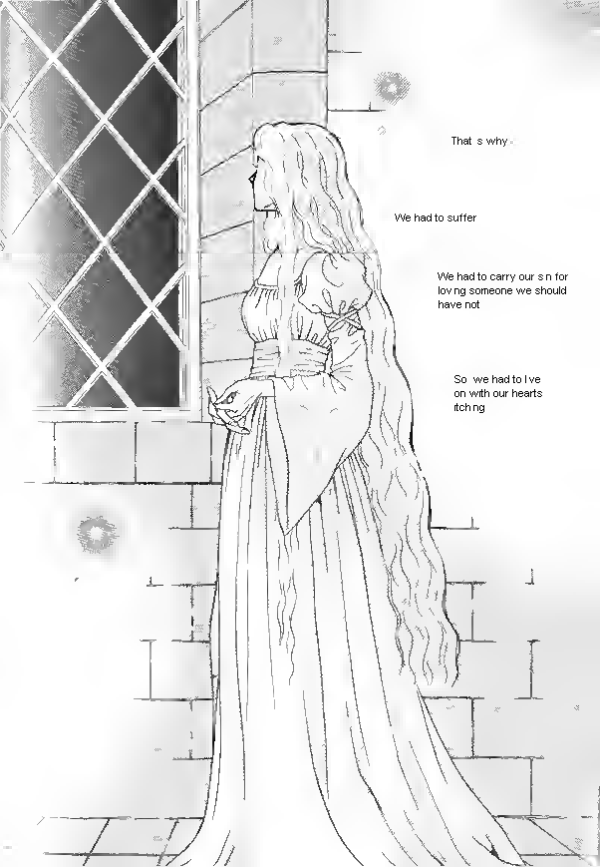


You are drunk
Yes I am
How could I not be
at a day like this?
I know you
drink everyday!
Oh so you know
Do you know a spy
on me too?
How are you taking
care of the queen?
If she's like this
put her in bed!
I, I am very
sorry sire
That is your job!
I can sleep on
my own will!

Good !
At least you can do someth ng on your own w ll
Ma am!



You know Er ene
It s really really strange
How can the Pyrodoba love only one woman in the r entire l fe
People s m nd change
The r affect on to the r loved one seem to change always but



That s why
We had to suffer
We had to carry our s n for lov ng someone we should have not
So we had to l ve on with our hearts itch ng

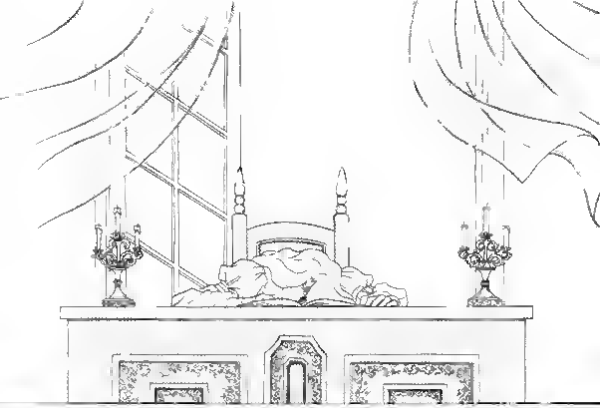
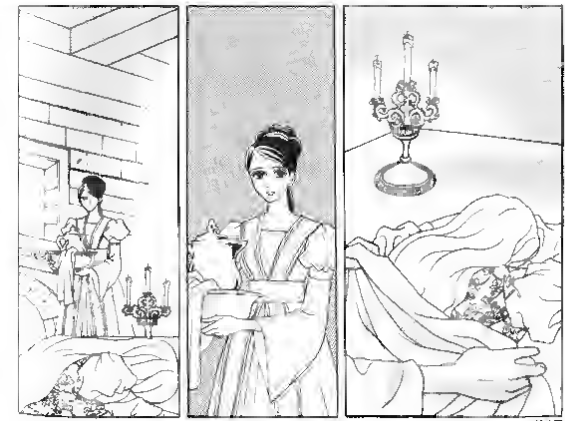
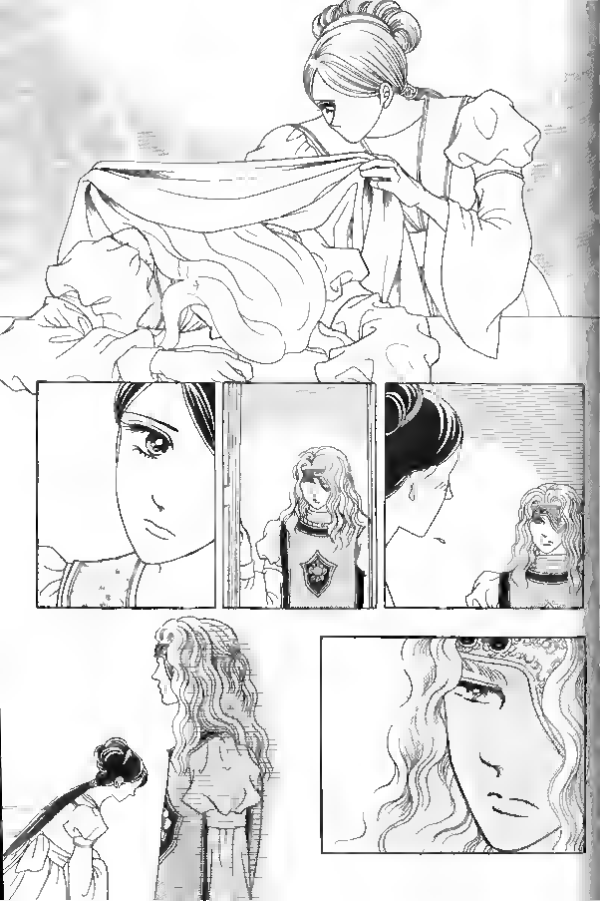
Where the conflict used to be Karta's land.
In early days, when Skador was just created after Aranada fell Skador forcefully conquered Lota region which was heart of trade routes and had a port
After that Lota region has never been under peace There have been small conflicts from time to time
But, while the king Agro was present, the conflicts had not happened so far.
Then why all the sudden ?
It was just a simple mouth fight between Karta and Skador Now the citizens of Lota has revoted Rumors say that it's going to be full-scale war

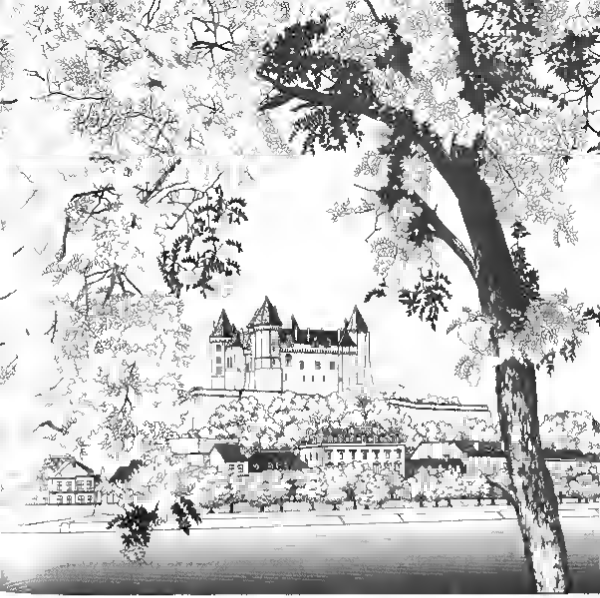






Sire
It s t me for you to get up

It s waste to leave the m stress' room unused
It s a b g room with a good post oned w ndow I bel eve it is perfect for our ch ld
If the room s repa red r ght now I bel eve it w ll be f n shed r ght before Ter ka s f rst b rthday



# 프린세스 Princess

She is going to need her own room soon enough.
Getting used to be away from mother is the very first step before she s properly educated I do believe it s a little too early But I do not see a b g problem with it
it s just cruel to separate the pr ncess and mother at such a young age

But
We can talk about it when she s older
I have a conference to attend

Jaminés
www.janimes.com

I do not believe Karta is taking their intention
Are you saying they are preparing for full scale war?
Unbelievably large traffic of armies were detected
Even king Argos is nervous this time

Whose report is it ?
It was Baran s
So Karta s prepared to take on Skador head on?
Makng Skador enemy means makng Anator a and Ramra also the r foe
Karta s mple does not have the economy to back up such huge war
It s qulte a m racle that they ve held f ne so far
Perhaps the k ng Argo s aged and show ng s gns of weakness Send more sp es
I understand

But i
Just in case...
Be prepared
Yes, sire
If Karta is acting seriously, we have to change our plan

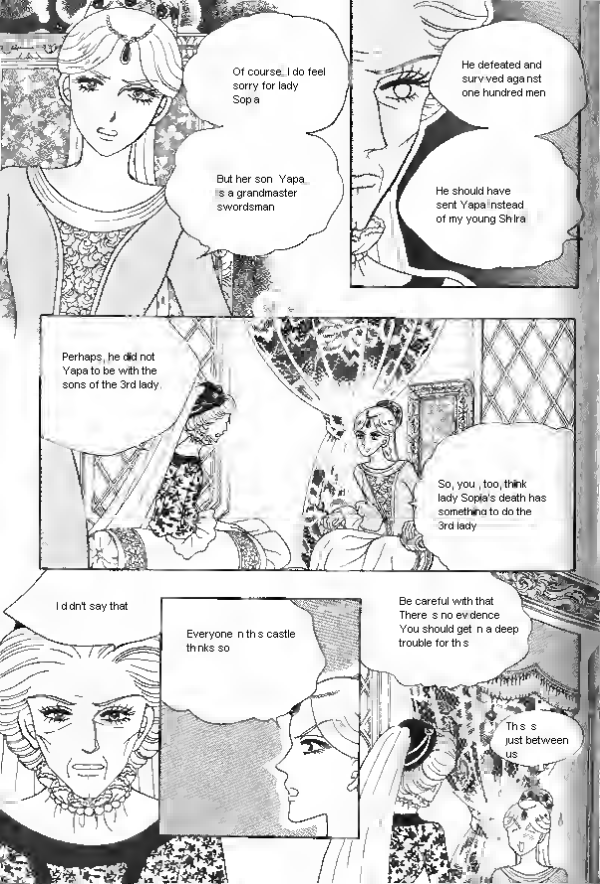
What ?!
Shira is going to Lota instead of Yapa ?
Yes, ma am
Has the majesty gone insane due to age ?
Ma am please watch what you say
He has not even married a woman yet ! What s he trying to do make my son a bachelor ghost ?
He s my only child !
I am going to see him Get ready
Please calm down
There s no need to, mother
Unless you are going to see him because you miss him
Shira !

It's not like you can change his decision now.
All Yapa do s gamble and play and all you do is take care of soldiers n the castle and train them It s him who should be punished
I am just helping
Brother Yapa will be in charge of what I have been doing
That lazy bastard can't protect anything
I guess the castle will be messy soon
Anyway I will be very busy for preparation So I don't think I will see you until I am ready to leave
That is not going to happen!
Lets go see him right now!
Rumor say that the king avoids my mother on purpose It s so true
Go~
He s not sending my son anywhere

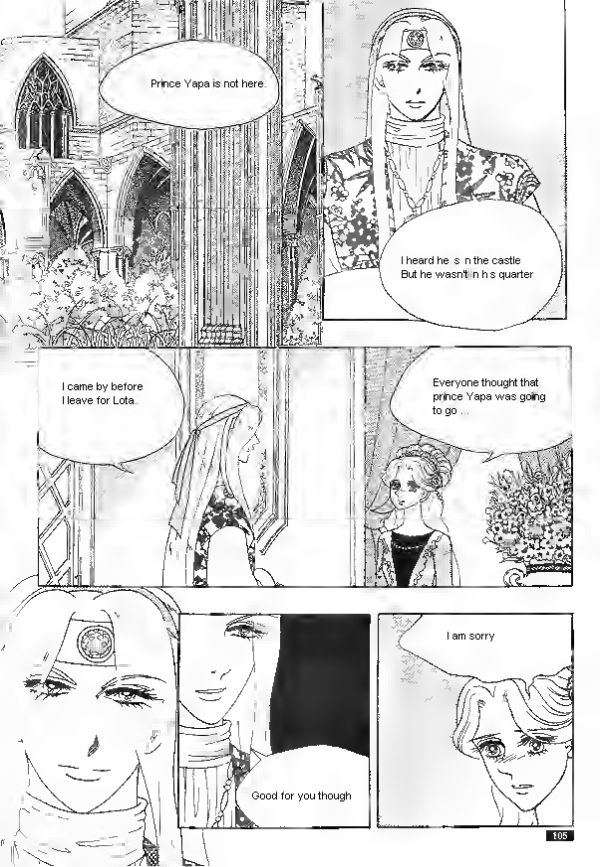
My two sons are already there. Why is she complaining ?
Because the 4th lady is here, the majesty has escaped.
It was good when she was young and all Now she l ves n shadow I thought that made her change I guess she s still the same huh
She has been qu et for some time I thought she real zed her pos t on
Two pr nces are already there Why d d he have to send my Sh ra as well ?
Th s s mplay_utterly_unfair
should have seen th s com ng
I back off for postpon ng Sh ra s wedd ng But not th s t me
Well um I d d n't make the dec s on
I should have escaped as well



Of course, I do feel sorry for lady Sopia
But her son Yapa, is a grandmaster swordsman
He defeated and survived against one hundred men
He should have sent Yapa instead of my young Shira
Perhaps, he did not Yapa to be with the sons of the 3rd lady
So, you, too, think lady Sopia's death has something to do the 3rd lady
I didn't say that
Everyone in this castle thinks so
Be careful with that There is no evidence You should get in a deep trouble for this
This is just between us

You do remember how harsh and rude the 3rd lady was to lady Yopia because her family was powerful and rich.
To make it worse the majesty really cared for lady Yopa
Even you were jealous
I never
Well she was just a commoner The majesty made a noble family to adopt her in order to make her his official wife
The 3rd lady from such a powerful family expected to be loved. But she didn't get that. I guess it's understable
Her pride was hurt
And then Hasha's incident
If you think about it Yapa went through too much
How poor of him
He lost his mother like that
And his wife Hasha
No..no..!
I came here for Shira I must not go off topic!!
I didn't say.

I will be away for few days to get some fresh air.
Do not worry about the security I've arranged so that it will still be safe.
But it s best to keep my absence secret
There hasn't been any danger
You must m ss home s nce you d dn't br ng your fam ly w th you If it s al r ght w th you you can return
I do not have a fam ly
Have you marr ed
No I have not
How come ? You are handsome and seem to be good w lled
I apolog ze for say ng that
I w ll be back soon
Please do not tell pr nce Yapa about me ether



Prince Yapa is not here.
I heard he s n the castle
But he wasn't in his quarter
I came by before
I leave for Lota.
Everyone thought that
prince Yapa was going
to go ...
I am sorry
Good for you though

this not something for you to worry about
This is regarding our country
it's either that the majesty still trusts brother Yapa or
the majesty has concerns about Anatora
Either way he has the ability to protect at least one woman
Trust him
Trust him for what ?

If he had the ability would he let lady Ha sha de like that ?
Men these days
Lady Shieta !
Now that s ser ous vo ce
Well do not worry about here and go Just come back al ve
Karta seems to be eager
Karta s no match for us
Is there a law for that ?

Lady Sheta
What s wrong with you today ?
Who knows
I don't want to lose my husband At the same time, I don't also want to lose an old friend
Thank you for worrying about me
After you leave who will chat with ?
There s a lady right here
Well I wonder if she will be able to understand what s in my mind

How are you feeling ?
What about the prince ?
Do not move
He is hurt but he's fine
Ah Posha
She s hurt badly That s why I am here
But she will live

Anyway
Last night's event turned the castle upside down
It happned in heart of the castle
And Anatora's princess was hurt
Maybe prince Yapa would have to go instead of prince Shira
But, thanks to you that's not going to happen
Is prince Shira hurt badly ?
He may not have survived with that many assassins last night
But prince Yapa joned him at right time He's hurt slightly That's all

Are you alright ?
I heard you spent a whole night staying by her side
You should get some rest
Few wounded were captured But they killed themselves by biting their tongue
It will be hard to find a clue. But it seems to be clear that someone who knew our situation well did this
Seeing they picked the right moment ... The guards were somewhat disorganized due to absence of your army and they even know where you have a walk.
It was strange that they went for me instead of you it's a new pattern

That guard of hers will surely report this to Tor now.
When this news ~~gets to Anator's~~ it will be shameful for us
?! Yes he wasn't there
And this will surely give Tor an excuse to meddle in even more
The worst would be he wants to send a small army of his own to here

He sa d
he wanted to
get some fresh
a r
And it happened
r ght after he
d sappeared
Do you f nd

I do not want

Anyway
until he returns
I w ll be n charge of

Um
Thank you .

It s only r ght that a husband saves h s w fe
And thank you for nurs ng me for a whole n ght
It wasn't go ng to be safe enough until sun came up

The queen said she wanted to use aunt's room ?
Who told you that ?
I overheard what mom's servants said
That s not important
The k ng responded that he w ll d scuss t later when the pr ncess growns up a little more

Even so
Since she brought it up, she will continue to demand it.
If the king approves, I don't see a problem.
I cannot let that happen
Why do you think aunt passed away ?
Do not bring it up
That room is
Rightfull Lilia's room
I swear

Do not mention Lila to me or to anybody else !
Not until you become an adult !
If you die Lila will literally be dead
You must survive
only then Lila will have a chance for survival
If you want to save Lila
Forget about Tor's children !

After it is known that Barder sold blueprints of Ramira's military ships even befoer the war,
the citizens raged and are becoming uncontrollable. The first sign is Donya region. Other regions will follow the same path sooner or later
No wonder they rage.
I too raged when I heard the news
When I rece ved such news for the f rst t me, I began to keep an eye on Barder. But I was skept cal
After all he was a Ram ran as well
The only reason we were able to surv ve aga nst two major countr es was our super or naval force

Sell ng blueprints of the ships meant
Only if
he betrayed his country long before anything
he didn't hand mover the blueprings
The war would have not happened
No other country would have wanted to deal with us on sea
Anatoria's naval ship were very poorly constructed originally
Not only did he leak golds he even leaked Ramiras heart

The citizens have already left him. His throne is no more than just a big chair. He will meet his end certainly. The only matter is when.

Does the k ng know about th s ?
I bel eve he does not yet
The doctor who treated her was one of ours So, t is only us who know about it as far as I know
Fortunately she w ll recover f ne
Don't tell me there s go ng to be another mass ve death
F rst of all control nformat on Do not let others know about th s
Let s see who br ngs it up

Princess !
Are you alright ?
Are you awake ?
Can you hear me ?
Can you speak ?

What
happened to me
You ate some
po son
I am sorry
I was careless
I should
have known
After all I've
lost

... Listen to me carefully.
This kind of events is going to happen over and over to you.
That s because
You are my w fe on surface
So
Trust no one
Espec ally f they are from Skador

Don't even
trust me.
But
I trust you
I trust that
you w ll try to
protect me until
the end

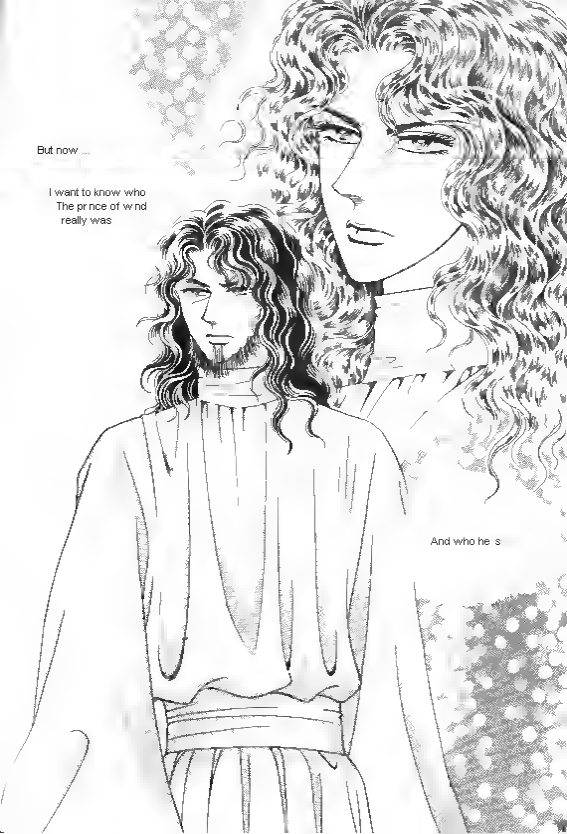
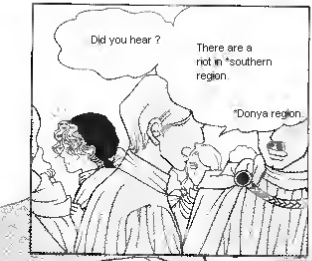
It was your fault that ...
you chose to come here .
You , too,
may end up to be one of them even if I try to protect
and that you d d not know
what kind of person I was
Tell me about yourself
I want to know
Not those stor es from others
but from your very own self

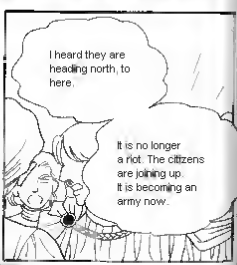
I thought that
I d dn't have to know
I thought that why bother
Why s it so mportant
Whether you know or not
you w ll st ll be l v ng anyway
Bes des, it has noth ng to
do with me I thought



But now ...
I want to know who
The pr nce of w nd
really was
And who he s



Did you hear ?
There are a riot in *southern region.
*Donya region.

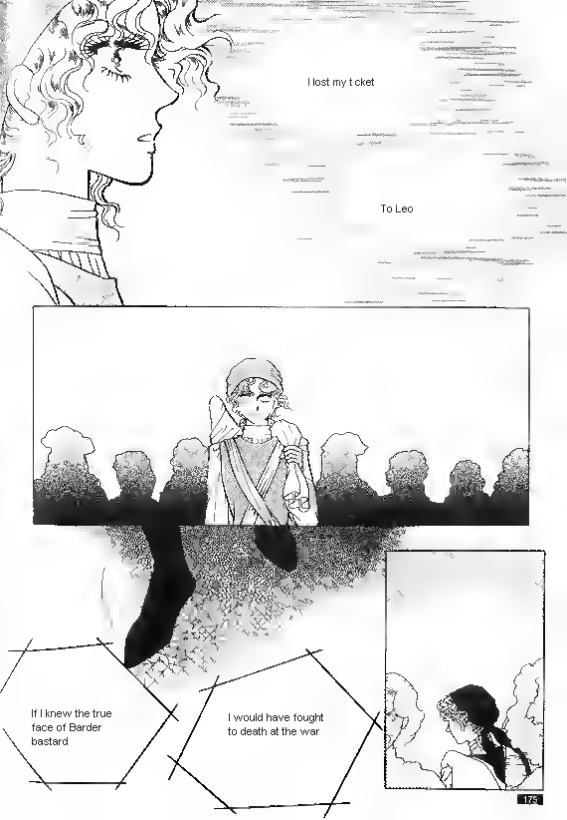


I heard they are heading north, to here.
It is no longer a riot. The citizens are joining up. It is becoming an army now.

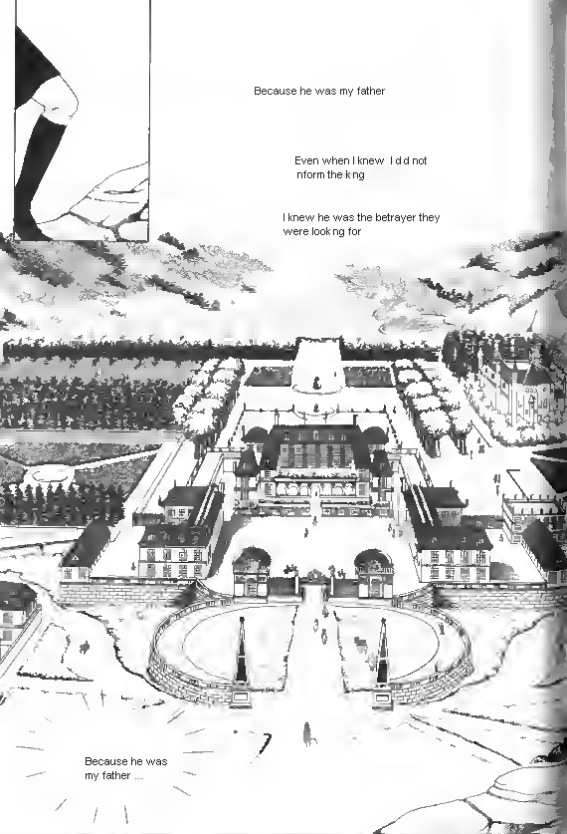
There is going to be another war then ?

There must be !
Did you hear that it was Barder who sold our ship design to Tor ?!
That $@^#
He even sent gold to him to construct ships !
Barder has been sending him gold even before he revolted
Barder must be killed !

I lost them !
While I was listening to the crowd, I lost them !
There is a ship
When is it ?
When they reach here, I am going to join them
Of course, I will, too !
Ssh keep th s to ourselves We are not go ng to let the Barder s dogs know



I lost my t cket
To Leo
If I knew the true face of Barder bastard
I would have fought to death at the war

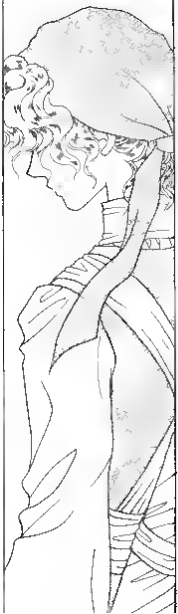


Because he was my father
Even when I knew I d d not nform the k ng
I knew he was the betrayer they were look ng for
Because he was my father ...

I pretended that I d dn't
know anyth ng

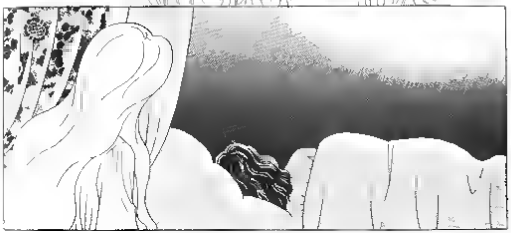
Even when I knew I d
be pun shed one day

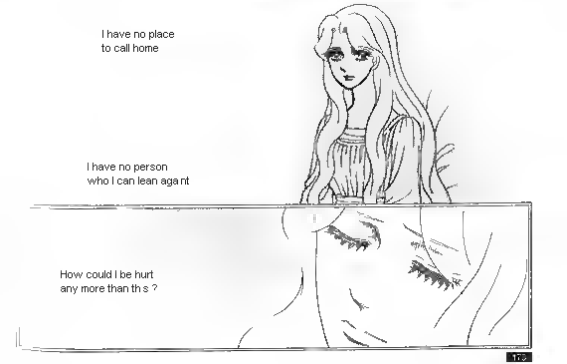
Even when I knew
th s day I ke th s
would come



If you know ...
it w ll only hurt you
more
Even so I want to
know
Then when your
m nd and body become
heathy
When you can take
any situat on and
any words

And then ...
I will tell you.



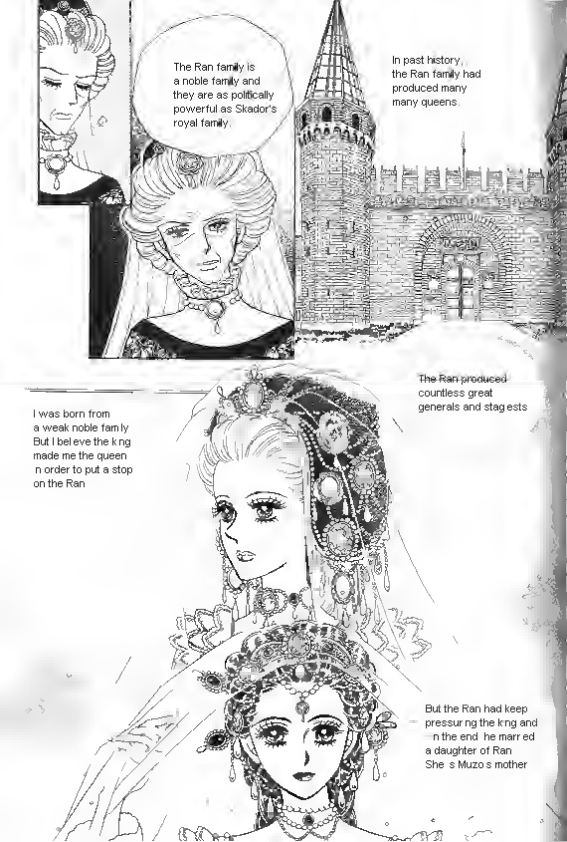


I have no place
to call home
I have no person
who I can lean aga nt
How could I be hurt
any more than th s ?

I am glad that it wasn't any worse.
I am sorry for mak ng you worr ed
I really have noth ng to say I am the one who s sorry
If someth ng bad happened to you I don't even want to mag ne the output
I w ll be more careful from now on
I really hope so
For yourself as well as Yapa

If you d ed
it d have such a huge mpact on Yapa
Even now he is barely managing to live.
I am try ng my best but I can't even protect on perosn
I was actually glad that you came to h m
I thought you could be h s reason to l ve on

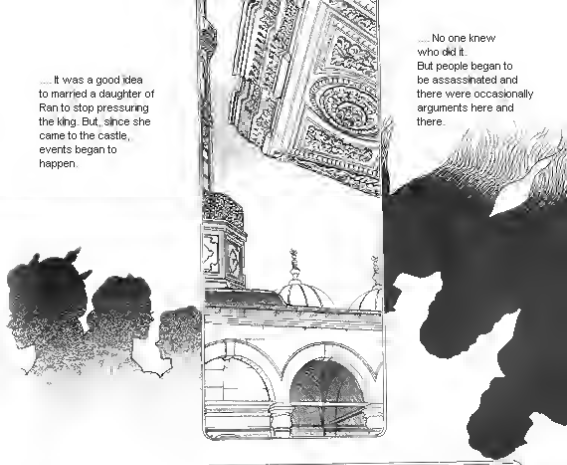
What is it ?
I d l ke to know about the fmaly Ran and lady Ha sha
M lady I d l ke to ask you someth ng
I d l ke you to tell me everyth ng you know honestly
At f rst I thought that I d dn't need to know
But I real ze that we have no future w thout d gg ng the past



The Ran family is a noble family and they are as politically powerful as Skador's royal family.
In past history, the Ran family had produced many many queens.
The Ran produced countless great generals and stag ests
I was born from a weak noble family But I bel eve the k ng made me the queen n order to put a stop on the Ran
But the Ran had keep pressur ng the k ng and n the end he marr ed a daughter of Ran She s Muzo s mother

..... It was a good idea to married a daughter of Ran to stop pressuring the king. But, since she came to the castle, events began to happen.

..... No one knew who did it. But people began to be assassinated and there were occasionally arguments here and there.

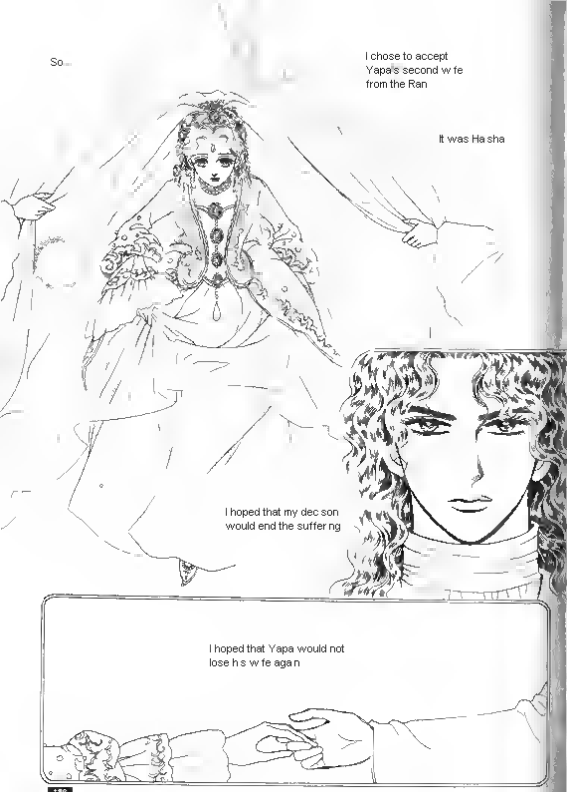


The first wife of the king was assassinated and my sons were assassinated

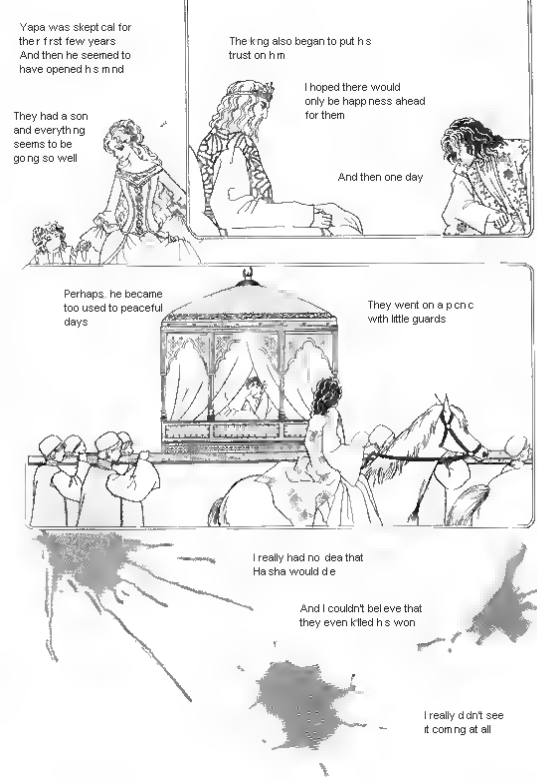
When Yapa's first wife who was from my family was killed

I realized I had to do something

I wanted Yapa to find his true happiness He followed me as if his own mother



So...
I chose to accept
Yapa's second w fe
from the Ran
It was Ha sha
I hoped that my dec son
would end the suffer ng
I hoped that Yapa would not
lose h s w fe aga n



Yapa was skept cal for
ther r frst few years
And then he seemed to
have opened h s mnd
The kng also began to put h s
trust on h m
I hoped there would
only be happ ness ahead
for them
They had a son
and everyth ng
seems to be
go ng so well
And then one day
Perhaps, he became
too used to peaceful
days
They went on a p cn c
with little guards
I really had no dea that
Ha sha would d e
And I couldn't bel eve that
they even k lled h s won
I really d dn't see
it com ng at all

There was no surv vors at all except Yapa

After the nc dent Yapa d d not recover

I marr ed h m with another w fe

But she soon d ed of llness

And then
the next
was you
It was only lady
Ha sha who
conce ved
He cannot let go
of the name unless
death embraces
him
So. he cannot
forget her
And
And It was only lady
Ha sha who rema ns
n h s mnd
I cannot
dare to tell
h m to forget
